

Minutes of a meeting of LINGFIELD PARISH COUNCIL '**FRIENDS OF LINGFIELD POND**' COMMITTEE held on **WEDNESDAY 9th NOVEMBER 2022** at **6.30pm** at
Lingfield and Dormansland Community Centre

Present:

Roger Ohlson – in the chair

Clive Jecks

Rita Russell

In attendance

Fay Elwood - Clerk

1. Apologies for absence

Apologies were received from Jason Fudge.

2. Declarations of Interest

None.

3. Committee Membership

The original constitution of the committee stated there should be six members but those present agreed to keep committee membership as it is for now (four members).

4. Water Quality

The water quality is good and the levels are very high following significant rainfall in recent days. Roger will continue to run the pump for 5 or 6 hours a day through the winter.

5. Plants

The oxygenating plants have recovered since the wire fencing was installed around them. It was decided to wait until Spring to decide if any more should be added.

6. Benches

The new memorial benches are proving popular. They are a little chunkier in design than the existing benches. It was agreed that as and when the other benches need replacing, we will order benches made from recycled material.

7. Any other Business

Rita raised the issue of planting around the pond and it was agreed she will ask Vernon to remove an unruly plant opposite Spindrifft. The clerk will ask Vernon to cut back the Willow on the island and removed the remains of the wild flowers.

8. Date of next meeting

15th February 2022

Meeting closed at 6.58pm.
